PROFILE

Bilingual (English/Spanish) registered nurse in adult inpatient care with an MPH and four years building care-coordination tools for clinical teams. Focused on careful assessment, patient and family education, and safe, coordinated care.

LICENSURE, CERTIFICATIONS & TRAINING

California Registered Nurse | BLS | ACLS | NIHSS | CPI Training
ECG/EKG Dysrhythmia Interpretation | Medical Spanish for Hospital Nurses

PROFESSIONAL EXPERIENCE

Registered Nurse | Fremont Hospital – Behavioral Health **Jul 2026–Present**
Fremont, CA | Adult inpatient psychiatry

- Provide patient-centered care for adults with acute psychiatric needs, most on involuntary holds, in a 1:6 assignment; coordinate the plan of care with the interdisciplinary team.
- Obtain and interpret assessment data, including C-SSRS suicide risk screening and physical and mental status exams; escalate changes in condition or safety concerns to providers.
- Administer medications, evaluate therapeutic response, and monitor for adverse responses and side effects; teach patients self-care and precautions.
- Establish therapeutic relationships and apply CPI de-escalation to manage rapidly changing situations and maintain a safe, healing environment.
- Document admissions, discharges, and progress notes accurately; recommend improvements to charting workflows.

Product Manager | Activate Care **2019–2023**
Boston, MA | Social-needs care coordination software

- Integrated social-needs care-coordination tools into EHR workflows and trained 100+ clinicians on adoption.
- Partnered with clinicians and engineers to translate frontline care needs into product requirements.
- Used utilization and outcome data to evaluate and improve care-coordination workflows.

STUDENT CLINICAL EXPERIENCE

Adult Medical-Surgical Preceptorship | Barnes-Jewish Hospital **2025 | 96 hours**
St. Louis, MO | Magnet-designated hospital

- Provided supervised care for 4–6 patients per shift across telemetry, postoperative recovery, and chronic disease management.
- Performed Foley catheterization, wound care, PICC care, and NG/PEG tube management; taught patients and families self-care skills to prevent complications after discharge.

Pediatric Emergency Preceptorship | St. Louis Children's Hospital **2025 | 96 hours**
St. Louis, MO | Magnet-designated hospital

- Provided supervised care for acute medical, behavioral health, and trauma presentations, including assessments, IV therapy, phlebotomy, and medication administration; delivered family-centered education in English and Spanish.

EDUCATION

BSN | Goldfarb School of Nursing at Barnes-Jewish College Dec 2025
Cum Laude | Ruth G. Franc Kindness Award | Sigma Theta Tau

Faculty assessment: *"the ability to think in systems while still delivering excellent bedside care"* (Sarah Decker, APRN)

MPH, Behavioral Science & Health Equity | Saint Louis University 2018
BS, Public Health | Saint Louis University 2017

ADDITIONAL EXPERIENCE

Research Assistant | SLU College for Public Health and Social Justice | 2017–2018. Conducted mixed-methods research on community health programs and supported county community health assessments.
